## Is Now the Right Time to Refinance Student Loans?

If you've been thinking about refinancing your student loans, this could be an ideal time to act. By refinancing some or all of your private and/or federal student loans\*, you may be able to lock in a lower interest rate, reduce your monthly payments, or pay off your loans faster. You'll also simplify your payments by combining multiple loans into one easy payment.

Med Park Credit Union has partnered with Student Choice to provide private student lending solutions for our members. The Student Choice online marketplace connects you with credit-union-funded private student loan and refinance options, so that you can responsibly refinance your higher education loans.

The Student Choice solution comes with:

- Competitive interest rates - fixed and variable options
- Flexible repayment terms to fit your needs
- Potentially reduce the rate by 0.25% by enrolling in automatic electronic payments during repayment
- Easy online application and instant credit decision
- Borrow from a not-for-profit credit union you can trust!

Whether your goal is to lower your interest rate, pay your loans off sooner, or reduce your monthly payment, we've got options to fit your needs.

Apply online today or visit our website for more information - <https://www.studentchoice.org/r/medparkcu>

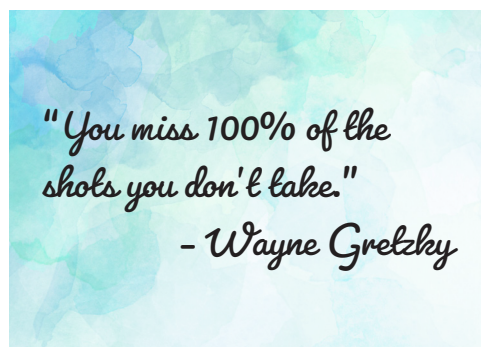

*\*If you refinance some or all of your federal student loans into a private student loan with a credit union, you will lose access to any current and/or future federal student loan benefits, such as potential debt cancellation or income-driven repayment options. Make sure to explore all available resources by visiting the Department of Education's website at [www.studentaid.gov](http://www.studentaid.gov) or contacting your federal student loan servicer to understand how any federal student loan proposals may impact you, so that you can determine if having access to federal student loan benefits outweighs the benefits of refinancing your loans. All loans subject to credit qualification and additional criteria, including graduating from an approved school. Federally insured by NCUA. Equal opportunity lender.*
